¹ 1 National School Lunch Program (NSLP) and the School Breakfast Program (SBP) - California Food Policy Advocates (CFPA) data - CFPA's estimates of children eligible for USDA school and community nutrition programs are taken from the 2000 U.S. Census Bureau 1999 estimates of children at 5-17 years of age for breakfast and lunch and 0-18 years for summer food that live at or below 185% of the Federal Poverty Level (FPL). **This is an important difference from last year's county profiles, which was only able to use free and reduced-priced enrollment numbers because of data limitations.**

* Counties are ranked by underutilization of the Summer Food Service Program, so that a #1 ranking represents the county with the worst utilization. Counties with identical utilization rates are assigned the same ranking and are followed by sequencing skips.

Counties in **bold** type are the top 5 counties with the worst School Breakfast Program utilization.
